All queries please **text** June Uebergang on 0497 860 785.

BYO cups, chairs and a plate to share and feel free to bring bulbs, plants or cuttings to share.

## Oxley Ladies High Tea

It was a delightful day with lots to eat and drink! A huge thank you to the Oxley community for their generosity in donating such a lovely afternoon tea. It makes you very proud to be a part of this community! Especial thanks to Erica and Barb for all their organisation and to Deb Brunken for her beautiful flowers.

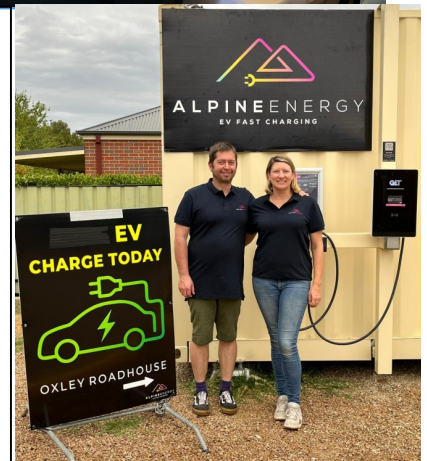

A massive \$2,000 was raised to go towards the busts for the WW2 nurses which was a fantastic effort.

If you're wondering what the shipping container is doing at the back of the servo. it's a super-charger! Mark, Salli, and their two kids, have brought electric vehicle (EV) fast charging to Oxley! We needed a space where we could test the charger as we are trialling a new design for the first time in Australia. Oxley is well-located on the Snow Road and we found a welcoming partner in Rita and Jay at the Oxley Roadhouse. So, thank you for having us. Why electric vehicle chargers? Salli thinks its important to look after the planet with a background in sustainability and community engagement, and she is thrilled to be rolling out a solution that makes EV charging more accessible, helping to reduce air pollution.

Luckily Mark, a local boy who is an inventor and builds things. An electrical engineer by trade, he designed the world's first battery that sits on a power pole. He has come up with an idea that is the first of its kind in Australia, an electric charger that can be directly attached to the grid, with a special buffering technology that means you can fast-charge cars. (maybe ask Mark if you want all the details).

Thanks for welcoming our little business to town and we look forward to celebrating the Oxley Shire Hall's 150<sup>th</sup> birthday with you all in June.

*That's it for this edition. We welcome your feedback. If you have any contributions they will be gratefully accepted. Please feel free to pass this newsletter onto others. Please feel free to send us your comments to [ORA3678@gmail.com](mailto:ORA3678@gmail.com). Thanks for taking the time to read this!*
